

Steripen Adventurer Opti®

PRODUCT CHARACTERISTICS

Technology:	UV water purifier
Effect:	Eliminates bacteria, protozoa and viruses
Treatment size:	½ or 1 liter
Treatment time:	48 or 90 seconds
Lamp Life:	8000 activations
Battery:	2 x CR123 (50 liters per set of batteries)
Minimum bottle diameter:	35 mm
Weight (with batteries):	108 g
Dimensions:	15.5 x 3.3 x 2.2 cm
Kit contains:	Neoprene carrying case and batteries
Article No.:	ADO-MPEFG / EU: 60110073

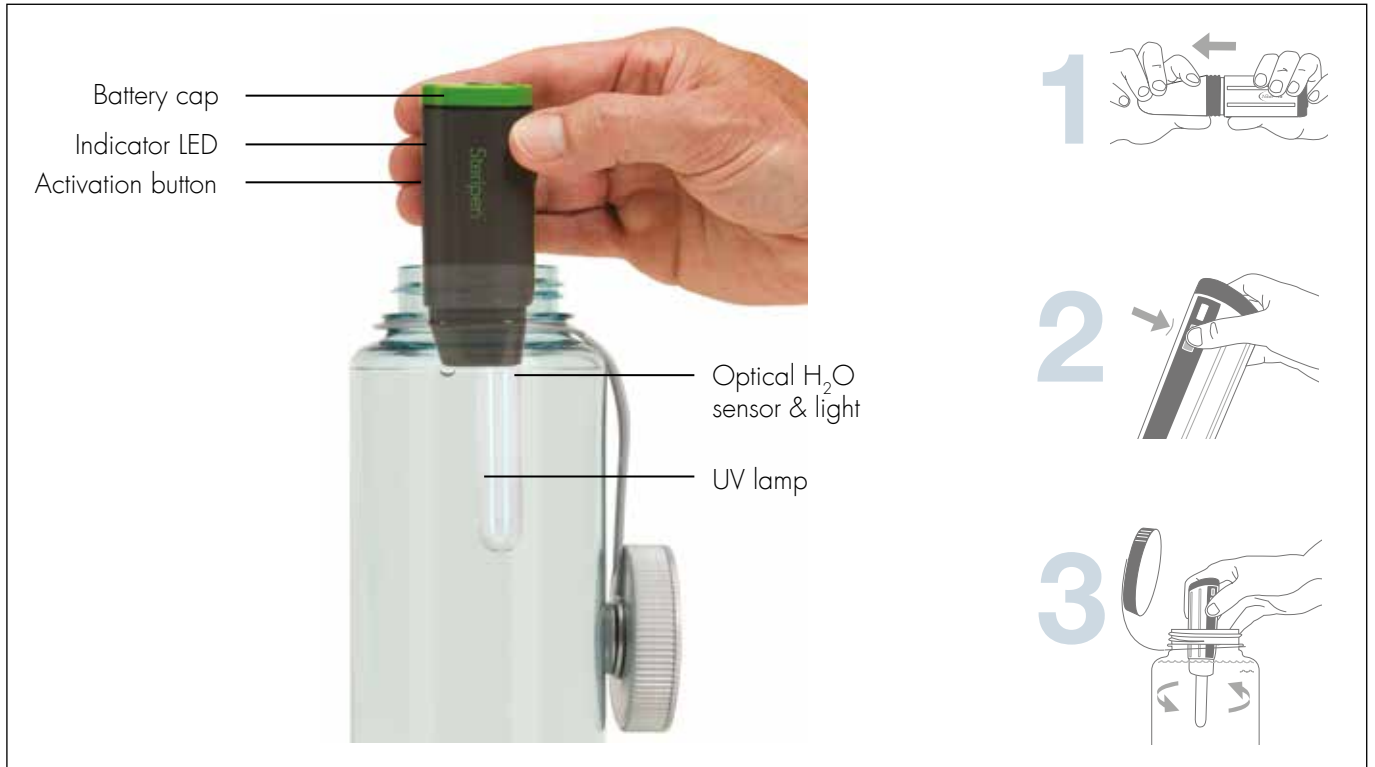

FACTS

- First choice for endurance athletes, adventurers and outdoor enthusiasts for its rugged, lightweight design
- The revolutionary optical water sensor doubles as an integrated LED flashlight for added convenience on the trail or around the campsite. Hold down the activation button for three seconds to illuminate the darkness.
- Ultraviolet (UV-C) light rays safely purify clear water by destroying 99.9% of protozoa (including Giardia and Cryptosporidia), bacteria and even viruses.
- When the treatment is complete, LED indicators flash to let you know that the water is safe to drink.
- Use only on clear water, as cloudy, sediment-laden water hinders effectiveness.
